HUG | MATTEO NUNZIATI | KREOO

Hug is a collection composed of freestanding bathtub and sink. Marble and wood are sewn together with a sartorial soul: the solidity and gloss of the stone (Bianco del Re, Calacatta Carrara, Bianco Carrara, Grigio St. Marie, Pietra Gray, Travertine Silver, Nero Marquina) welcomes the feeling of warmth and tranquility of the eucalyptus or walnut wood. Housing spaces are incorporated, either visible or, in the case of the sink, also retractable. Conceived as a whole, they can also be purchased individually.
