## TABLE TALK

Known for its unique take on playful luxury, London's Buchanan Studio this month launches the Muse table. A dining table less ordinary, the piece features a circular or oval top which comes in a range of bespoke finishes including rare marble, stone, or metal, while its contemporary tubular frame is met with brilliantly oversized solid brass castors. Wheel it to the perfect spot to ensure pride of place.

*From £12,000 (buchanan.studio)*

## YOU'RE SO VEIN

Think marble bathrooms and you immediately think of wallcoverings and flooring. Italian brand Kreoo breaks convention with room-centred bathtubs and sculptural washbasins in the arresting new Artik Green.

Featuring deep, knotty veining in a natural palette that ranges from dark forest green to vibrant lime, each piece boasts a unique, three-dimensional texture. Make your soak space gallery-worthy. *From £2,210 (kreoo.com)*
