Design a varied palette

When devising a complex interior design, put together a moodboard of materials, colours and textures to ensure everything works well together – before you buy.

Atlas Copenhagen console in American walnut with white Carrara marble basin, W600xD400xH800mm, £4,245.60, CP Hart (cphart.co.uk)

Add new-school glamour

How about stepping into a freestanding tub with a ceiling-mounted shower rail and curtain?

Nouveau metal ceiling track, Dia1,100xH350-450mm, around £1,185, water-repellent linen shower curtain, around £1,150, Nouveau freestanding solid surface bath, L1,300xW1,100xD620mm, around £8,726, Ex.t (ex-t.com)

Pick a precious thing

To emphasise the mix-and-match theme, include a basin or bath in a bold colour, made from a striking material if possible. Look for concrete or resin designs if natural stone is too expensive.

Kreoo Nabhi bowl No2 in Verde Ming marble, Dia500xH160mm, with optional 600mm round tray and wall bracket with integrated towel rail, £5,385.60, West One Bathrooms (westonebathrooms.com)
