**KREOO  
Vis-à-Vis**

The Vis-à-Vis chaise lounge system designed by Enzo Berti exhibits a sculptural quality grounded by a monolithic base, available in six different tones of marble. The hefty marble supporting block is punctuated by two chrome tubes used to reinforce the stylish outdoor lounge. [kreco.com](http://kreco.com)

the Wellness Therapy  
Collection for Varaschin**

Composable, modular and customizable: those are the focal points of Outdoor by Varaschin's new furnishings collection from architect and designer Alberto Apostoli. The complementary system is designed for spas and wellness centers, placing self-care securely in the forefront. [varaschin.it](http://varaschin.it)

**HUDSON VALLEY  
LIGHTING GROUP  
Medea by  
Corbett Lighting**

Handwoven from natural rattan, the inspirational Medea shade recalls a swaying leaf in an island paradise. The swooping arm finished in gleaming vintage gold leaf complements the curves of the shade, underlining the design's strong connection to natural forms. Available as a four- or six-light island, Medea's laid-back approach to lighting is a transformative addition to a dining or living room. [hvlgroup.com](http://hvlgroup.com)
